

## Norwegian Dance Music

Quedamos a la espera con este *trailer*, del documental Noruego llamado *Northern Disco Lights*, donde ya cuenta con la aprobación de nombres como Todd Terje o Lindstrom.

A cargo de [Indiegogo projects](#) nos van a relatar la historia y el carácter de esta subcultura de la música disco Noruega. El propio equipo dijo:

*“This film tells the story of how a group of teenagers from a town in the Arctic north of the country called Tromsø decided to kick out the jams! Cut off culturally and geographically they set up a radio station, made synthesizers, threw parties and started to make the music that they wanted to hear. This turned out to be totally unique and original and reflected their environment and themselves. It soon spread to the rest of the country.”*
